RE: Administrative Order Docket No. SDWA-08-2016-0020, Q4 2017 Summary Report

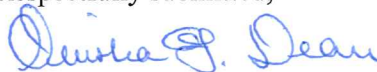

Dear Ms. Hofstader:

The following is a summary report of Solvay Chemicals' potable water system for the fourth quarter of 2017.

- Regular communication between Solvay Chemicals and EPA Region 8
- Solvay monthly potable water update meetings
- GAC units installation and commissioning completed December 19th, 2017.
- DBP samples taken, December 27th, 2017, following GAC units commissioning. TTHM and HAA5 were ND ug/L and ND ug/L, respectively. Please see analytical report attached.
- Demonstrated compliance with UV specification requirements for the quarter.

If you have any questions or concerns regarding this summary report, do not hesitate to call me at 307-872-6571 or Tim Brown, Environmental Services Supervisor, at 307-872-6570.

Respectfully submitted,

Ouisha Dean
Environmental Engineer
